

PRESS RELEASE

Nexia Audirevi, member firm of the international group Nexia, announces the appointment of 9 new Partners

Milan, Sept. 19, 2024 - "We enthusiastically accept this new challenge, grateful for the esteem in which we have been held and confident in the path of growth together with Nexia Audirevi": this is the comment of the new Partners **Giovanna Barilà, Salvatore Bologna, Francesco Buoro, Giuseppe Chiaro, Gianluca Crisci, Mario De Munno, Alessandro Fornara, Loredana Galasso** and **Jacopo Gonzi**, who have officially joined the corporate team formed by Gian Mauro Calligari, Alfonso Laratta, Anna Baldini, Davide Borsani, Marco Cecconi, Martino Cito, Antonio Cocco, Paolo Giovanni Gatti, Matteo Gianotti, Andrea Moresco, Alberto Mussini, Ivano Nerbini, Raffaele Salese, Daniele Silvestri and Annalisa Vitali.

Coming from the Audit & Assurance, Transaction & Advisory, ESG & Sustainability, and Compliance, Forensic & Special Situations service lines, the 9 Partners represent the new generation of managers who grown professionally at Audirevi and on whom the company has decided to focus, continuing its program of promoting internal talent.

"The new appointments respond to the need to manage the continued growth and consolidation of Audirevi, a multifunctional entity that has been successfully supporting businesses with dedication and ethical integrity for more than 40 years. And which will continue to do so in the near future, offering cutting-edge services and new skills, under the leadership of 24 Partners with strong commitment," commented the Managing Partner **Gian Mauro Calligari**.

Profiles

Audit & Assurance

Giovanna Barilà - Auditor and Certified Public Accountant, holds a Master's degree in Business Management from the University of Verona. She joined Audirevi Audit & Assurance in 2019 after many years of experience in a leading auditing firm. She has experience in auditing groups listed on Euronext Milan as well as other companies falling under the category of Public Interest Entities. She also has experience in supporting the listing of companies on the Euronext Milan market of Borsa Italiana.

Salvatore Bologna - Graduated in Business Administration from the University of Pisa, he subsequently qualified as an Auditor and Chartered Accountant. In Audirevi Audit & Assurance since 2019, he worked in industrial, commercial and service companies. Through the operational management of statutory audit assignments on national and international companies and groups, he developed knowledge and skills in the application of national (OIC) and international (IAS/IFRS) accounting standards.

Loredana Galasso - Auditor and Certified Public Accountant, graduated in International Business and Currency Markets the Parthenope University of Naples, began her career as an auditor in a Big4 in 2007. In Audirevi Audit & Assurance since 2020, she specialized in the assurance services of international companies and listed and unlisted groups operating in various manufacturing and service sectors.

Transaction & Advisory

Giuseppe Chiaro - Graduated in Business Administration from Bocconi University, he began his career as an auditor in a leading auditing and consulting firm, and then developed his professional career with important real estate investors with a special focus on the hospitality sector. He joined Audirevi Transaction & Advisory in 2020, becoming head of the hospitality & real estate division.

Mario De Munno - Auditor and Certified Public Accountant, he graduated in Business Administration from the University of Calabria. He began his career within a Big4 in the audit division, and then specialized in Transaction Services. In Audirevi Transaction & Advisory since 2016, he consolidated his experience in transactions dealing with due diligence, mainly for private equity clients, business valuation and financial modelling.

Alessandro Fornara - A specialist in Audirevi's advisory activities for 10 years, he is part of the group's Transaction & Advisory division. He holds a degree in Management Engineering from Milan Polytechnic and is involved in services in transaction support, M&A, financial modelling and valuation.

ESG & Sustainability

Gianluca Crisci - In Audirevi since 2021, he holds the role of operations manager and team leader of ESG projects, following assignments related to listed companies, which he supports in the strategic planning and implementation of ESG plans and in the transition paths towards CSRD (Corporate Sustainability Reporting Directive).

In his professional career, he has to his credit experiences as Project Manager at Fondazione Eni Enrico Mattei (FEEM) and as Consultant at the International Labor Organization (ILO), dealing with the management of international cooperation projects related to energy transition, decarbonization, circular economy and social inclusion. Graduated in Languages and International Relations, he also holds a Master's degree in Global Economics and Social Affairs.

Jacopo Gonzi - Graduated in Economics and Business at the University of Milan Bicocca, he began his career as an auditor in a Big4, moved to a small boutique consulting firm and in 2016 to Audirevi, where he has been able to develop his skills in corporate compliance assignments, specializing in ESG issues related to sustainable business management and supply chain monitoring.

Compliance, Forensic & Special Situations

Francesco Buoro - Graduated with honors in Economics and Finance from Ca' Foscari University of Venice, Certified Public Accountant, he is specialized in the identification and prevention of fraud events, as well as in the performance of internal control activities. Professional skills have been gained at leading auditing and consulting firms, as well as during experience as an Executive at a banking group. These skills are also certified by appropriate international credentials (CFE, CAMS, CFCS).

Nexia Audirevi

Founded in 1983 as an independent auditing and accounting organization firm and a member of the Nexia international network since 2005, Nexia Audirevi supports companies in Audit & Assurance, Transaction & Advisory, ESG & Sustainability, Compliance, Forensic & Special Situations, Hospitality & RE Advisory, Artificial Intelligence, Asseverations, Restructuring, and Professional Training.
